

## CFP

 The poster has a blue and orange color scheme. At the top, it says "ICECER'25" in large white letters. Below this is a paragraph describing the conference. A diagonal banner across the middle says "CALL FOR PAPERS". To the left, under "Contact", are the website and email addresses, and a phone number. To the right, under a calendar icon, are the submission deadlines. At the bottom, there are logos for Madagascar, IEEE, and ICECER, along with the final submission date and conference dates.
 

**ICECER'25**

The International Conference on Electrical and Computer Engineering Researches (ICECER) is a premier global forum that brings together leading researchers, academics, engineers, and practitioners in the field of electrical and computer engineering. This annual event serves as a platform for the exchange of cutting-edge research findings, innovative ideas, and technological advancements in a wide range of topics, including but not limited to power systems, control systems, communications, signal processing, computer networks, and artificial intelligence. ICECER provides a unique opportunity for participants to engage in collaborative discussions, share their expertise, and explore the latest trends and challenges shaping the future of electrical and computer engineering researches on an international scale.
